Annual Report 2022 – 2023

Substance use is often stigmatized and misunderstood, even though it is something that many of us engage in. At Stonehenge, we know that substance use ranges from healthy use to complex substance use disorder, and we recognize that there is no one-size-fits-all approach to treatment. We are committed to providing a broad range of expert services to meet the diverse health needs of individuals along the substance use continuum (see inside). Having a variety of options for treatment is essential for individuals using substances, and it's why we focus on providing services that fill the gaps to ensure everyone has the type of treatment they need, when they need it.

Breaking the stigma and misconceptions surrounding substance use is essential to increasing understanding and empathy for those who are struggling, and we are committed to continuing this work in the year ahead.

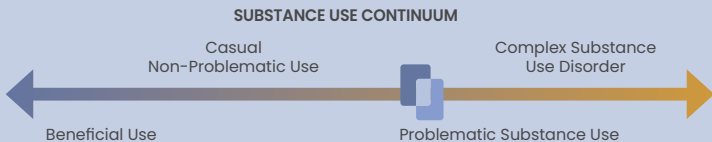

We are grateful for the ongoing dedication of our staff team and supporters who work tirelessly to educate and advocate, and to help Stonehenge achieve our mission.

## Vision

We envision communities where people living with substance use are welcomed, supported, and thriving.

## Mission

With a commitment to partnership, support, and advocacy, STC delivers expert services to individuals, families, and communities experiencing harm related to substance use.

## Values

- Inclusion
- Advocacy
- Accountability
- Collaboration
- Innovation
- Person-centered

### Our Four Pillars of Service

Residential Services

Supportive Housing

Addiction Medicine & Withdrawal

Community & Justice

## Strategic Goals

### OUR BENEFICIARIES

Provide excellent, accessible services across the continuum to support and reach individuals, communities, and under-served populations, so that people feel supported and achieve great outcomes.

### OUR BUSINESS MODEL

Boost revenue sources to enhance our business model and target resources where they are most needed.

Expand and fulfill our role in meeting the needs of individuals and communities experiencing harm related to substance use.

### OUR PEOPLE

Ensure that people thrive and love contributing to, and working at STC.

# Continuum of Services

## Residential Treatment Prep Program

**101**

participants utilized RTPP this year to prepare for residential treatment.

## Let's Grow Together

A day program for women who are pregnant/parenting and have questions about how their substance use may affect them, their pregnancy/parenting, and their children. Utilizes a harm reduction, woman-centered philosophy inclusive of abstinence.

## Rural Wellington Addiction Services

## Addiction Counselling - Community Justice

**100%**

of clients said the staff of the program supported them to comply with the conditions of their probation.

## Supportive Addiction & Mental Health Housing

**95** clients served through transitional and long-term housing. Our multi-disciplinary housing team supports clients to access expert, wrap-around health care.

**75%** of clients said that the staff of the program did everything they could to help resolve their housing situation.

## Peer2Peer Overdose Response Program

Connects individuals affected by drug/alcohol poisoning with someone who has relevant lived experience. Through this unique connection, people have a more positive and empowering experience accessing healthcare. The goals of this program are to reduce repeat overdoses, reduce harm from substance use, and educate and support family and friends.

**247** of people served.

## Addiction Support Coordination

**100%** of clients said the staff of the program helped them improve their relationships with other services and people.

## Residential Treatment

“Being around others who shared similar thoughts and experiences as me really helped me through treatment.” – Residential Client

**2,362** People Served  
**21,250** Face to Face Visits

## Problematic Substance Use Disorder

## Community Withdrawal Support Services

“This is the longest period of sobriety I have had in over a decade.” CWSS Client

## Addiction Court Support

## Drug Treatment Court

## Rapid Access Addiction Medicine Clinics

Digital Front Door – New in 2022! A virtual platform, allowing individuals across Waterloo Wellington to access a RAAM Clinic from their home.

In the first 6 months of operation, Digital Front Door supported:

**68** individuals

**532** visits with a nurse practitioner or addiction counsellor.

## Specialized Outreach Services

## Safer Supply Program

Stonehenge opened a Safer Supply Clinic in Mount Forest, improving access to health care for those in rural Wellington who are experiencing harm related to substance use.

“I came into this program after being in the hospital for six weeks as a result of my Fentanyl use. Had I continued using the way I was, I most certainly would have died. Safer Supply and the staff who run it, have helped me regain control of my life and continue to help me move forward.” – Safer Supply Client

## Complex Substance Use Disorder

# Financials
